Not illustrated. 1874 Excerpt: .Education, few English women have surpassed the celebrated Hannah More, and we recommend an acquaintance with her expressed opinions thereon As a class-book, for the heads of Families and governesses in particular; we would recommend-- The Principles of Physiology, applied to the preservation of Health, by Andrew Combe, M.D., a work that if read with care could not fail to contribute a powerful influence in modifying the received opinions of the innoxious effects of the corset and of its indispensable improvement to the female natural form. Education, as to all May Fair mothers in the future a provision for. the future. interest of those daughters, who have not yet been educated in accordance with a custom that must become obsolete in the course of a few years. It is superfluous, says Mrs. Hannah More, to decorate Women in early Youth; Youth itself is a decoration. We...
