Threshold Editions, United States, 2012. Hardback. Book Condition: New. New.. 238 x 164 mm. Language: English . Brand New Book. The government is not a neutral arbiter of truth. It never has been. It never will be. Doubt everything. John Stossel does. A self-described skeptic, he has dismantled society s sacred cows with unerring common sense. Now he debunks the most sacred of them all: our intuition and belief that government can solve our problems. In *No, They Can t*, the New York Times bestselling author and Fox News commentator insists that we discard that idea of the perfect government--left or right--and retrain our brain to look only at the facts, to rethink our lives as independent individuals--and fast. With characteristic tenacity, John Stossel outlines and exposes the fallacies and facts of the most pressing issues of today s social and political climate--and shows how our intuitions about them are, frankly, wrong: - the unreliable marriage between big business, the media, and unions - the myth of tax breaks and the ignorance of their advocates - why central planners never create more jobs and how government never really will - why free trade works--without government interference - federal regulations and the trouble they create for consumers - the harm caused to the disabled by government protection of the disabled - the problems (social and economic) generated by minimum-wage laws - the destructive daydreams of health insurance for everyone - bad food vs. good food and the government s intrusive, unwelcome nanny sensibilities - the dumbing down of public education and teachers unions - how gun control actually increases crime . . . and more myth-busting realities of why the American people must wrest our lives back from a government stranglehold. Stossel also reveals how his unyielding desire to educate the...
