MRSA in Practice

By Ian Gould

Taylor & Francis Ltd. Paperback. Book Condition: new. BRAND NEW, MRSA in Practice, Ian Gould, Aimed at junior hospital doctors and general practitioners, the In Practice Series has been devised by RSM Press to present cutting-edge and clear-cut opinion leader advice and summary acts related to every day clinical practice. MRSA is an all too familiar acronym in use in most UK hospitals. MRSA was discovered in the 1960s however has not been a public cause for concern until the current pandemic started in the 1990s. It shows no signs of abating and the UK now has about the highest prevalence in Europe. It has captured the attention of the public and politicians but how important is it in clinical practice? How did it evolve, will it go away or get worse - will it really develop into the untreatable superbug? Is it more virulent than *Staphylococcus aureus*, what are its common clinical presentation and the best treatments? What are the best ways to control it if indeed we should bother? How much does it cost the NHS? Do we have any new strategies up our sleeves? These are just some of the intriguing questions that a distinguished panel of...

Reviews

This publication is indeed gripping and intriguing. It is actually written in basic terms and not difficult to understand. I am just pleased to explain how here is the greatest publication we have read through during my own lifestyle and could be the best pdf for at any time.

-- *Ervin Crona*

If you need to add benefit, a must buy book. it absolutely was written extremely perfectly and beneficial. You are going to like the way the blogger composed this publication.
