Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Records of the Past, Vol. 5: Being English Translations of the Assyrian and Egyptian Monuments The fifth volume of the Records of the Past contains translations from the Assyrian, Babylonian and Persian cuneiform inscriptions. Most of these are from historical monuments as being of the greatest value to ancient history. In the present volume are several of the most important Babylonian inscriptions, amongst them that of Nebuchadnezzar of whose history unfortunately but few contemporary documents are at present known, while of the earlier kings of Babylon mere fragmentary notices remain. The student as well as the general public will find this volume equal in interest to the preceding and the amount of new information considerable. Issued simultaneously with the fourth of the series in order to meet public demand and expectation, the rapidity with which it has been brought out is due to the cordial co-operation of the Assyrian scholars who have worked indefatigably for its production, and have in so short a time prepared or revised their different translations. Although historical texts have first engaged the attention of scholars, an unexhausted supply of literary or scientific import, as well as mythology and official records, still remain for selection, many of which have been as yet untouched.
