The fourth edition of this popular core text for Early Childhood Studies tackles these questions and more. The text explores the why, how and what of studying and working with young children and their families, considering how a range of theories can help us to identify useful questions. Early Childhood Studies is a comprehensive, up-to-date, challenging and accessible core text which covers all aspects of the Early Childhood Studies course. Throughout, key theories and research findings are highlighted and explored to help readers to make links between theory and early years practice.
